PAST PERFORMANCE

We support the VAMC's robust Live Whole Health wellness program by providing a variety of wellness kits to help assist in their internal wellness efforts.

Fully customized and branded to meet government standards, these kits were shipped directly to employees. A large scale project, executed flawlessly.

Our wellness kits were used as a large event giveaway for their Wellness Works Program. A way to offer their employees additional tools to help them manage their health on their own.

A custom wellness kit for those with government-sponsored health care, including all the supporting materials printed in both English and Spanish.
